

Theo Galinato

Fredericton, New Brunswick | (506) 608-8257 | theo.galinato@unb.ca

Professional Profile

Dedicated and detail-oriented final year Mechanical Engineering student with a strong academic background and practical experience in project management. Adept at coordinating tasks and optimizing workflow through acquired skills in labour experiences. Eager to contribute technical skills to projects and make a meaningful impact in the field of engineering.

Education

Bachelor of Science in Mechanical Engineering 2022 - Present

University of New Brunswick, Fredericton, NB

Automotive Service Technician 2021 – 2022

New Brunswick Community College, Saint John, NB

Experience

Project Engineering Student September 2024 – December 2024

Irving Pulp and Paper – Irving Forest Services, J.D. Irving, Saint John, NB

- Conducted site safety inspections and facilitated safety meetings to ensure a secure work environment.
- Oversaw and coordinated small-scale field projects for the Woodyard Modernization team while ensuring timely and efficient execution.
- Monitored on-site progress by fostering strong relationships with various contractors to ensure project milestones were met.
- Assisted in the procurement process of goods and services amounting to over \$600k.

Hot Chocolate Production Worker July 2022 – August 2022

Crosby's Molasses Co Ltd, Saint John, NB

- Exemplified diligence in ensuring the quality of products in conformance to company's standard.
- Consistently achieved and surpassed daily goals and tasks through exceptional teamwork.

Tire Technician April 2022 – July 2022

Canadian Tire, East Saint John, NB

- Demonstrated expertise in vehicle servicing and ensured quality of service with efficiency.
- Proactively engaged in rapport to address customer order concerns and requests.

Fish Processing Plant Worker February 2021 – August 2021

Cooke Aquaculture, St George, NB

- Worked with other sub-departments on a regular basis to reach daily production goals.
- Demonstrated commitment in upholding product quality in conformance to company's standards.

Skills and Certification

- Lean Six Sigma White Belt Certification (Continuous Improvement, 5S, Waste Reduction)
- Microsoft Office: Outlook, Word, PowerPoint, Excel, Project, Teams
- Document Management: Autodesk BIM 360
- CAD Software: Siemens NX 1980 (Advanced), Autodesk Fusion 360 (Advanced)
- Programming: Python (Advanced), MATLAB (Intermediate), C++ (Intermediate)

Volunteer Experience

VP Projects

May 2026 – Present

Engineers for a Sustainable World at University of New Brunswick, Fredericton, NB

- Direct three cross-functional project teams totaling 15+ members, supplying critical resources to drive sustainable engineering initiatives forward.
- Facilitate recurring team and organizational meetings to streamline cross-functional communication and ensure key project milestones are met.

Project Lead

May 2025 – April 2026

Engineers for a Sustainable World at University of New Brunswick, Fredericton, NB

- Spearheaded an interdisciplinary team to design and build "Pedal Power," a low-cost, sustainably sourced device generating micropower to promote wellness.
- Showcase-presented the finalized project at the national ESWCon, earning the People's Choice Award for design and innovation.

VP Sponsorship

February 2025 – October 2025

2025 UNB Engineering Leadership Development Summit, Fredericton, NB

- Cultivated relationships with prospective corporate sponsors to pitch event value propositions and secure conference funding.
- Negotiated sponsorship packages and maintained sponsor communications to ensure all financial targets were met.

Logistics Director

February 2024 – January 2025

2025 Canadian Engineering Leadership Conference, Fredericton, NB

- Directed end-to-end logistical planning and execution for a national conference hosting 240+ engineering students from across Canada.
- Negotiated terms with third-party vendors for accommodations, catering, equipment, and transportation to optimize budget and event delivery.

AEC 2024 Re-engineering Competition Director

October 2023 – January 2024

Atlantic Engineering Competition, Fredericton, NB

- Exemplified coordination prowess in organizing and facilitating events, and ensured quality of competition venue, equipment, and event for the participants and judges.
- Pro-actively spearheaded meetings with external organizations and student bodies to procure needed competition resources.
